

Acer palmatum Bloodgood

Bloodgood #15, 4-5'

**BOUNTIFUL
FARMS**

The airy, delicate form of the **Bloodgood Japanese Maple** makes it an ideal choice for a small lawn tree or as a potted patio tree. Spring foliage emerges a vibrant red, maturing to maroon with green undersides. Fall foliage is brilliant scarlet. Small purple flowers are followed by red samaras. This hardy Japanese Maple selection has great sun tolerance but does benefit from afternoon shade in the more southern regions.
HxS 15'x15' **Zones 5 to 8**

Bloodgood #15 Bush

**Green underside of
summer leaf**
