

Malus Honeycrisp #7

BOUNTIFUL FARMS APPLE TREES

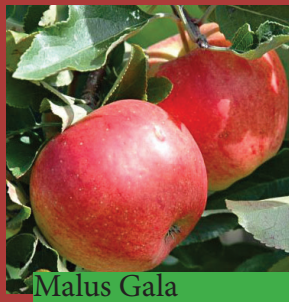

Fruit trees are such a versatile plant selection for the landscape. They produce beautiful, fragrant blooms in the spring followed up with delicious, fresh fruit in the fall. At Bountiful Farms, we offer several varieties of apple trees in espalier or traditional tree form. Espalier trees are a perfect choice for growing fruit in a smaller area or along a border. For those with a little more room, we offer traditional form trees in a #7.
